Dimensions & Weight

Diameter	138mm
Height (external)	53mm
Weight	0.62Kg

About Ciqurix™ FCam Solo Mounting Base

The versatile, time-saving PS-SBASE facilitates a variety of scenarios where a discreet installation is desired. Selected to perfectly match the Ciqurix FCam Solo, the Solo mounting base allows the FLEX FCam Solo to operate from PoE power. It offers side or rear network cable entry via glands or conduit. If ordered together with the FCam Solo then it will be pre-assembled in the factory ready for a simple plug-and-play installation – saving time and cost on site.
